You want to solicit views from plan participants? I'm sure you don't really, but I'll speak for every one of us anyway.

KEEP YOUR HANDS OFF OF MY MONEY

Seriously, this is a terrible, probably criminal, idea. And you'll find a way to do it, to keep stealing from the citizens to finance the deficit. But you asked, so I'll respond. Stop the madness. Please. You are destroying the middle class, and my future, not to mention my children's.

This can not be allowed to pass. Period.
